SOUND DESIGN & TECHNICAL AUDIO EXPERIENCE

Dust Bunny

Toronto, ON

Sound Designer/Audio Lead & Project Manager

01/2026 – 04/2026

- Designed and implemented adaptive audio systems for an original 3D narrative-platformer using Wwise, including physics-based RTPCs, state-based music, spatial audio, and mix-state behavior
- Developed and maintained the game's audio direction
- Co-led multidisciplinary team of 11 programmers, visual artists, and audio artists over a 12-week production cycle
- Planned and managed production timelines and milestone deliverables from concept to final build
- Coordinated communication across disciplines to ensure alignment between gameplay/programming, visual, and audio direction
- Third Place, Achievement in Audio - Level Up Showcase 2026

Soothsayer

Toronto, ON

Sound Designer/Audio Programmer

09/2025 – 12/2025

- Built a branching voice-over dialogue system in C# pulling indexed data from Google Sheets to dynamically map and trigger voice clips based on narrative state
- Designed and implemented all audio systems for the game using Unity's native audio tools, including music, SFX, and dynamic audio playback

ADDITIONAL PROFESSIONAL EXPERIENCE

Rooms Coffee / Bevy Cafe

Toronto, ON

Owner/Founder

08/2019 – 11/2023

- Established and grew a single café on Ossington Avenue into a network of six locations across Toronto, with roastery operations, later opening Bevy Cafe in partnership with Tadiem at the CBC Building
- Built and managed teams, workflows, and operational systems across multiple concurrent locations

Uncle Tetsu's Japanese Cheesecake

Toronto, ON

Director/Global Operations Manager

05/2015 – 11/2021

- Facilitated and supported international store openings across Australia, New Zealand, Taiwan, Japan, Canada, and the United States, working closely with local teams through training, setup, and launch
- Oversaw corporate and day-to-day Canadian operations, including hiring, training, and supervising management teams
