Tools & Skills

Engines and Audio Tools: Unreal Engine 5, Unity, Wwise, FMOD; Reaper, Pro Tools, Ableton Live, iZotope RX, Max/MSP
Audio: Sound Design, Foley, Recording, Audio Editing, Dialogue Cleanup, Layering and Processing, Mixing
Implementation: C#, C++, Blueprints, MetaSounds; RTPCs, States, Switches, Event-Driven Audio, Physics-Based Audio, Spatial Audio, Adaptive Music, Dialogue Systems
Workflows: Asset Preparation and Tracking, Naming Conventions, Technical Documentation, In-Game Testing and Debugging, Production Coordination

Selected Game Audio Experience

Unreal Engine / Wwise Technical Audio Demo **Toronto, ON**
Technical Sound Designer *04/2026 - 05/2026*

- Designed and implemented gameplay and environmental sound effects in Unreal Engine 5 and Wwise.
- Built a reusable C++ audio component mapping physical materials to Wwise Switches for surface-dependent footsteps.
- Configured spatial ambience, Rooms and Portals, and door-driven occlusion; tested and documented system behaviour.

Dust Bunny **Toronto, ON**
Sound Designer / Audio Lead & Project Manager *01/2026 - 04/2026*
Award: Third Place - Achievement in Audio, Level Up Showcase 2026

- Designed, implemented and mixed approximately 300 gameplay, environmental and UI audio assets in Unity and Wwise.
- Built movement and object audio driven by mass and velocity RTPCs, plus randomized ambience, adaptive music and mix ducking; refined systems through playtesting and debugging.
- Managed the full 12-week production for an 11-person development team, coordinating milestones and work across disciplines.

Soothsayer **Toronto, ON**
Audio Designer / Audio Lead *09/2025 - 12/2025*

- Designed ambience and gameplay SFX; implemented assets and music using Unity's native audio tools.
- Recorded short character vocalizations in a professional studio; edited, cleaned and integrated the recordings into Unity.
- Built and tested a C# branching voice system using a Google Sheets index to map clips to characters and narrative states; established asset naming and tracking.

Additional Experience

Rooms Coffee / Bevy Café | *Founder / Operator* **Toronto, ON** | *08/2019 - 11/2023*

- Grew Rooms Coffee and Bevy Café to six locations combined, managing expansion and overseeing operations, staff training and quality control.
- Coordinated large-scale brand activations and pop-ups for clients such as Sony Music Canada, Google, and KFC.

Uncle Tetsu's Japanese Cheesecake | *Director / Global Operations Manager* **Toronto, ON** | *05/2015 - 11/2021*

- Coordinated international store openings and oversaw Canadian operations; developed and refined operating procedures and staff training materials that remain in use today.
- Built Excel-based tools for ordering, automated inventory tracking and invoicing between corporate and franchise locations.

Education

University of Toronto - Faculty of Music | *Bachelor of Music* *April 2026*
