Technical Sound Designer

TOOLS & SKILLS

Programming & Integration: C++, C#, Python, Blueprints; reusable audio components, gameplay triggers, physical materials, Animation Notifies, in-engine testing, debugging and technical documentation

Engines and Middleware: Unreal Engine 5, Wwise 2025, Unity, FMOD; Events, States, Switches, RTPCs, dynamic music, spatial audio, occlusion, Rooms and Portals

Sound & Post: Reaper, Pro Tools, Ableton Live, iZotope RX 12; recording, SFX, foley, studio recording, editing and cleanup, layering, processing, mixing, asset preparation

SELECTED GAME AUDIO EXPERIENCE

Unreal Engine / Wwise Technical Audio Demo

Toronto, ON

Technical Sound Designer

04/2026 - 05/2026

- Built a reusable C++ audio component in Unreal Engine 5 that maps physical materials to Wwise Switches; synchronized surface-dependent footsteps with Animation Notifies.
- Implemented movement and ability audio, adaptive ambience and music using Wwise Events, States and RTPCs, with gameplay triggers in C++ and Blueprints.
- Configured Rooms and Portals, reverb and door-driven occlusion; tested trigger timing, transitions, attenuation and routing, and documented system logic.

Dust Bunny

Toronto, ON

Sound Designer / Audio Lead & Project Manager

01/2026 - 04/2026

- Built movement and object audio driven by mass/velocity RTPCs in Unity/Wwise; implemented randomized ambience, dynamic music, Rooms and Portals, occlusion, reverb and mix ducking.
- Created, implemented and mixed approximately 300 gameplay, environmental, UI and narrative audio assets for a game developed in 12 weeks.
- Led audio production and coordinated milestones within an 11-person team; revised implementation through playtests and debugging. Third Place, Achievement in Audio, Level Up Showcase 2026.

Soothsayer

Toronto, ON

Audio Designer / Audio Lead

09/2025 - 12/2025

- Built a C# branching voice system using a Google Sheets index to map clips to characters and narrative states; established asset naming and tracking and tested playback across narrative branches.
- Recorded short character vocalizations in a professional University of Toronto studio, then edited, cleaned, organized and implemented them in Unity.

Additional Experience

Rooms Coffee / Bevy Café | Founder / Operator

Toronto, ON | 08/2019 - 11/2023

- Built repeatable workflows for documentation, quality control, scheduling, training and team handoffs while leading operations across multiple locations.

Uncle Tetsu's Japanese Cheesecake | Director / Global Operations Manager

Toronto, ON | 05/2015 - 11/2021

- Coordinated international openings and created detailed operating and training documentation used to onboard and support teams across countries and time zones.
- Built an Excel-based ordering system used daily by Toronto stores, automating inventory tracking and internal invoicing from store orders and incoming deliveries.

Education

University of Toronto - Faculty of Music | Bachelor of Music

April 2026
